Office Action Summary

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Froning.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kuslich '255 and Kuslich '307 discloses an apparatus used for spinal fusion.

Although each of these references discloses structural limitations recited in the claims, neither was used to reject any claims, in the first office action.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Brown whose telephone number is (703) 308-2682.
